

Faviola Leon

As the Humane and Animal Control Manager, I oversee the animal control supervisor and officers, ensuring effective investigation, nuisance, and community resource teams are managed effectively. With a strong commitment to animal welfare and public safety, I have completed the Humane and Animal Control Officer Training Manual and secured Kevlar vests for the team, enhancing their safety and preparedness.

In addition to these achievements, I have completed the ASP/Baton training course and am now qualified to train officers, further contributing to the team's skill development and operational efficiency. Driven by a passion for field services, I aspire to impact the community positively.
